Good P.M.

Sorry missed your call. FYI, Mohave Lab, Crystal called at 100p.m and stated the lab hasn't complete the results. She stated tomorrow may be the day.

Thanks,

Sharon-FMVC Water

Hi Sharon,

Thanks for letting me know. As long as you sampled before the end of the quarter you are fine. Thanks

Emmanuelle

Please: All data submittals to our office should be sent by email to datamanager@epa.gov with a copy to me (or your project manager in the Drinking Water Office). Data reports are due no later than the 10th of the month following the month that you receive results, or the 10th of the month following the compliance period, whichever comes first. Please include the whole lab report and copy of the Chain of Custody. Label with PWS name and number; & source or distribution system location codes or names for data collection points.

09/29/2017

Good Morning,

Emailing re: the arsenic sample taken on 9/12/2017 at east/west well here at Polacca. FYI, contact the Mohave Lab, Sheila in Bullhead City and asked if the results are complete & that FMCV office hasn't received them. Then, Sheila of Mohave Labs stated the machine is out that releases the sample. Further, they will keep in contact with me today. The reason is the FMCV Water don't want to get cited for not turning the result in by Sept 30, 2017 because today is Sept. 29, 2017. Hope this email is understood and not be cited. Thank you.

Sincerely,

Sharon-FMCV Water
